Mattapoisett School Committee

STATEMENT FROM SCHOOL COMMITTEE

Five months ago, contract negotiations began between the Mattapoisett Teachers' Club and the Mattapoisett School Committee. For the first time the teachers employed the services of a paid Union representative to do their bargaining for them. Traditionally, the teachers of Mattapoisett's elementary children have bargained directly with the Committee elected by the parents of those children.

The School Committee feels that it has a twofold responsibility when it comes to determining the salaries which the town shall pay its teachers. On the one hand, it must be fair to the teachers and make every effort to keep salaries at a level which enables the teacher to cope with the economic situation in which we all live. On the other hand, the Committee must determine this rate based upon the ability of the town to pay. The teachers should realize that 2/3 of them have a guaranteed step increase due them every year and a

job security which is unequalled by any job,
or profession of the people who are going
to pay them.

The Committee offered the teachers a two
year contract with a 5% raise in the first
year and a 6% increase in the second year.
This is in addition to any steps which they
as individuals might be due. These num-
bers were not arrived at until a great deal
of thought and consideration had taken
place. One only has to look at the New
Bedford tax situation to see the handwrit-
ing on the wall for other communities in
Massachusetts.

So that the townspeople may not be mis-
led, the Committee would like to point out
that, while the percentage increase offered
is lower than the other towns in the region,
the dollars in the form of actual salary are
most certainly in line with those towns.
A 5% increase in the first year gives Matta-
poisett Teachers a range on the Bachelors
level of \$9324-14960. Marion goes from
\$9279-15219 and the town of Rochester
from \$9279-14952. The salary range for the
second year is \$9883-15867. In the opinion

of the Committee there is no way that these numbers can be construed as unfair or out of line with area towns.

The Committee feels that it is also important to point out that the town of Mattapoisett, while it does belong to Superintendency Union 55 with the towns of Marion and Rochester, is still the Town of Mattapoisett; separate unto itself and with its own economy. In order to come up with a fair salary offer, this Committee did some fact finding of its own. The Marion tax rate is \$48.00, the Rochester rate is \$66.00, and the Mattapoisett rate is \$63.00. This town just paid \$127,000 for a new leaching field

and an addition to Old Hammondtown School. The taxpayers are confronted with a mandated sewer project for which the town's share will be approximately \$500,000.

From the start of negotiations, the Committee made it clear that it was concerned with the high taxes and was going to make every effort to hold the line. A 5% increase brings the teachers' salary total to \$484,211 for the 1976-77 school year. The 6% increase in the following year comes to a total of \$513,264. Given the tax rate in town, the upcoming sewer and the fact that the town only gave its employees a 5% increase, the Committee feels that a 5% and 6% two year contract is fair to the teachers in every way. The offer as it translates into actual salary dollars is consistent with the salary packages of the other area towns. Based on these facts, the Committee stands by its position.

Introducing the bank for the Little Guy.

Most banks are set up to help the Big Guys. Big business. Big money. But now there's a bank for the Little Guy. The regular people like you and like us. Fairhaven Savings.

We don't write big loans for big corporations or, in fact, do much at all for the Big Guy.

But for the Little Guy we do offer every banking service he'll ever need.

And we tailor those services especially for the Little Guy.

And deliver them in the most helpful, friendly way we know how.

5% NOW Accounts.

Instead of checking accounts that cost the Little Guy money, we offer NOW Accounts that pay him 5% interest, compounded daily. So at Fairhaven all your

money is working for you — even the money you use for paying bills.

24-Hour Teller.

Little Guys don't keep banker's hours.

So neither do we.

Thanks to our 24-Hour Automatic Teller, you can bank with us any time day or night, seven days a week.

Just come in and ask for our 24-Hour Transaction Card.

Money Mate.

This is a way for the Little Guy to buy like the Big Guys do.

With cold hard cash.

First we establish your line of credit — up to \$4500.

Then we give you a package of Money Mate checks.

Whenever you want to buy something but don't have the money, you simply pay with a Money Mate check. We automatically loan you the money — and charge

you just a 12% annual percentage rate (1% a month on the average daily balance).

With Money Mate, you can borrow the exact amount of money you need, whenever you need it.

Just come in and apply.

Mortgage Money.

At our place the Little Guy can get mortgage money just as easily as the Big Guys do at other places.

Now this doesn't mean we can give anybody a mortgage on any place they want.

But it does mean we will do everything possible to help finance the house of your dreams.

Savings.

We've got so many ways to save, the Little Guy can choose exactly what's

best for him.

Regular Savings. 90-Day Notice Accounts. Short Term Certificates of Deposit. Long Term Certificates of Deposit.

All with the highest interest rates allowed by law.

And, of course, the deposits are insured.

Drive-Up Windows.

The Little Guy's time is just as valuable as the Big Guy's time. So we offer Drive-Up banking at our main office. 4 lanes of it. To really save time.

Two Convenient Locations.

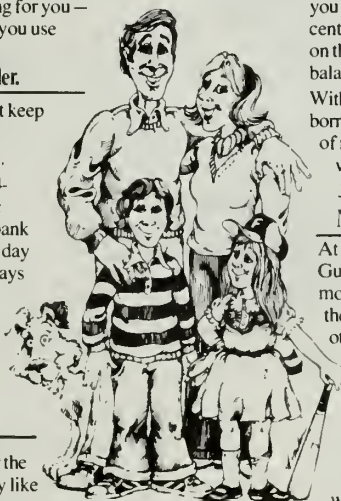

Right on Route 6 — 215 Washington at Huttleston Avenue.

And at the corner of Center and Main.

One phone number: 999-2961.

Fairhaven Savings.

You're a Big Guy to us.

'cause Little Guys need all the help they can get.

LIONS CLUB HAUNTED HOUSE

This past Friday night saw the final evening of the Mattapoisett Lions' Club Haunted House at Camp Massasoit. William Wood, chairman of this annual event, announced that more than 9,000 people had attended. From the comments heard, it was a most enjoyable diversion for the 15 minutes or so spent inside the old darkened mansion. King Lion John Pagenkopf said, "proceeds from this year's events will go toward the several sight conservation projects and groups the Lions' Clubs support". Special thanks go to the YMCA's Ron Ward and his assistant Chris Bunne- with who helped set up the grounds and the interior at Camp Massasoit.

KAREN ANDRE: GUILTY? INNOCENT?

On November 5, Karen Andre stands trial for the murder of Bjorn Faulkner. Did she commit a murder, or not? is the question that will be answered by the jury at O.R.R.H.S. this Friday night. The trial commences at 8:00 sharp; the question will be answered by 10:00. No one knows the verdict yet.

The jury who will render the verdict will be composed of members of the audience selected by lot and sworn in on stage. Among the well-known people who have served on the jury during professional performances of the play are Jack Dempsey, James Roosevelt, Babe Ruth and Helen Keller. On one occasion U.S. Congressmen were among the jurors.

Come in and See the All New CHEVROLETS and OLDSMOBILES

A whole new car, a whole new ball game.

The handwriting was on the wall.

It clearly said that the time had come for a new kind of six-passenger car—one that would be more efficient in its use of this earth's space and materials than full-size cars of the past—one that would use a new standard engine that is smaller and more fuel efficient.

Tall order.

And we made it all the tougher by vowing that the new efficiency would not come at the expense of room, ride, comfort and security.

So we started from scratch and created a car that meets today's needs without abandoning yesterday's desires.

Because we knew you weren't about to settle for anything less.

And you shouldn't.

A quick tour of the highlights.

The 1977 Chevrolet takes up a little less space in the world than its predecessor, making it a more manageable automobile—easier to maneuver in tight traffic and park in cramped spaces. The turning diameter, curb to curb, has been reduced nearly three feet.

Yet inside the car, where it really counts, a couple of key dimensions have actually been increased:

There is more head room than in the 1976 Impala/Caprice Sedans and Coupes.

There is more leg room for your rear-seat passengers.

There is more trunk room, too. We can practically guarantee you'll gasp, or at least smile, the first time you lift the lid and look inside.

It's no illusion.

We started with a spacious interior and a king-size trunk and proceeded to build a beautifully efficient automobile around them.

A classic example of form following function.

The shape of cars to come.

There have been beautiful cars before.

There have been comfortable cars and economical cars.

This car is a rare combination of all those things and others, a car meant to be measured not so much in inches and pounds as it is in feelings. The uncommon accumulation of good feelings you get when you look at it, when you ride in it—and, most of all, when you drive it.

The New Chevrolet.

There's never been a car quite like it.

It's a whole new ball game, and the shape of cars to come. Enjoy yourself.

Following a short business meeting we were entertained by "Mr. and Mrs. Music", Mary and James Alfred, who presented a most entertaining program of piano and marimba music. Everyone was very enthusiastic about the program. Following was a tea provided by the committee and capped off by a birthday cake celebrating the event.

The Mattapoissett Woman's Club was started by Mrs. Paul Keller and Mrs. Marshall Ross in 1941 with 15 members. Since that time

the club has steadily grown and now includes 200 women. Over the years the Club has been involved in many civic and philanthropic programs starting with veterans' service and war effort during the early years. Anti-crime campaigns, anti-litter campaigns, Candidates' Nights, Girls' Club, bicycle safety are just a few of the projects in which the club has been involved. Social activities such as bowling, drama productions; interest group

activities such as fine arts, crafts, literature have always been an integral part of the Mattapoisett Woman's Club program.

Civic projects such as the development of the town bandstand in 1971 and Christmas in the Village in 1975 demonstrate the fiber and tenacity of the women in the club. One of the major projects over the years has been the Scholarship Program. Since its inception the club has made this one of their primary concerns and each year plans a fund-raising event to provide scholarships for deserving Mattapoisett youths.

All in all the Mattapoisett Woman's Club has a past to be proud of, a very active and vital present and a very promising future. Happy Birthday Mattapoisett Woman's Club and may you celebrate at least 35 more.

Delta Kappa Gamma

The recent meeting of Psi Chapter of Delta Kappa Gamma Society was held in the Old Rochester Regional High School library. Mrs. Dorothy Baker, the school librarian, presented a panel discussion: "Professionally Emerging Awareness". The panelists, members of area school committees, were Miss Elizabeth I. Hastings, Fairhaven; Mrs. Dorothy Brooke, Dartmouth; Mrs. Lori Kemp, Marion; Mrs. Rosemary Tierney, New Bedford; Mrs. Barbara Macy, Old Rochester Regional High School; and Mrs. Evelyn Pursley, Old Colony Regional Vocational-Technical High School.

Each speaker gave a resume of duties and involvements with their schools and building of new schools. The panelists stressed the need of more women to become involved

SENSE OF SMELL

Our sense of smell is one of our five senses; however in most people it is not very well developed. Many woodland animals depend on their sense of smell for their survival. Others can not smell at all. In some, smell is an important part of their

mating ritual. Learn how many animals use their sense of smell and also test your sense of smell on many of the woodland plants along the nature trails.

This field walk will be held Saturday morning, November 6, at 10:00 A.M. at the Museum Outdoors, 100 Old Westport Road, in North Dartmouth. All adults as well as children accompanied by an adult are welcome. Admission is free.

SPINNING WOOL

This Saturday afternoon children's program will be a demonstration of wool spinning by Pat Lucas. Mrs. Lucas will show the children raw wool, how to card or comb the wool, and how to spin it into yarn with a drop spinner. The children will also have a chance to spin the wool with the drop spinner.

This program will be held at the Children's Museum in Russells Mills at 2 P.M. Saturday afternoon, November 6. A small admission is charged to non-members and it is free to members. Children wishing to attend should call the Museum at 636-4688 to register.

COMPANIONS OF SPECIAL CHILDREN

Old Rochester Regional High School in cooperation with the Massachusetts Easter Seal Society has organized a new program for teenagers. The Companions of Special Children is coordinated for Old Rochester by Mr. Paul McCabe, head counselor, and Mrs. Karen LeBlanc is the volunteer chairperson for the program.

The purpose of the undertaking is to train interested students to care for disabled children and to provide the students with career exploration opportunities. The program will run from eight to ten weeks and will include visiting pre-school programs for disabled youngsters, observing a swimming program, having a training session about braces and similar equipment by a physical therapist, having lectures by parents of children with different disabilities, and special sessions with Dr. Edmund Wiker, a pediatrician, and Dr. Paul Solomon, a psychologist.

Names of students taking the course will be furnished to parents who need baby sitters with some training. Students not interested in baby sitting will benefit from exposure and involvement with disabled youngsters. Twenty-

one students from Old Rochester have signed up to participate in the training course. For further information parents are invited to call the Guidance Office at Old Rochester.

Not that we have anything against branches. It's just that most people like us right where we are. And they keep telling us so.

Instead of building branches, we've been building on. Putting it all together in one place. Right here on Route 6 where we're so easy to reach from practically everywhere. And the parking's easy.

Why don't you discover for yourself one of the world's great banks. What a real convenience our unbranched banking is. Either with Big Doc, our 24-hour teller out front. Or at our early-bird, triple-lane drive up window. Or in our main bank during regular hours.

Letter to the Editor

I believe that the town of Mattapoissett should encourage the development of industrial land.

The Assessors have apparently predicated their negative opinion upon a chart contained within a publication entitled "What New Jobs Mean to a Community" distributed by the U. S. Chamber of Commerce. That chart reflects the fact that new jobs mean new families and thus more school children.

That conclusion is a fair one for an isolated community located on the prairie. It does not hold true for a more metropolitan

area.

Mattapoisett is now a "bedroom town" that provides the home sites and pays for the education of the people who work in the New Bedford industrial areas. New Bedford and Acushnet receive the industrial tax revenues and we pay for the education.

We should consider reversing that situation, enlarge our tax base, reduce our taxes and relieve the burden of the homeowner.

LOOKING PRETTY

Techniques for applying makeup correctly
 will be demonstrated at the YWCA Wednes-
 day Luncheon on November 10 at noon. Ms.
 Mary Stabile, Slimnastics instructor at the
 YWCA, will conduct the demonstration. The
 luncheon is open to the public.

If enough interest is shown, a four-week
 makeup workshop will begin December 1 at
 7:30 P.M. This will be a good opportunity
 to learn up-to-date makeup techniques in
 time for the busy holiday season.

NOTICE TO RESIDENTS OF ROCHESTER

A member of the Assessors' office is currently visiting homes in Rochester to gather basic real property data. This will provide the Board of Assessors with the information necessary to ensure fair and equitable assessments under the 100% revaluation mandated by the State. It is expected that this process will go on for another year or so. All properties will be revalued at 100% at the same time.

The Assessor representative has official identification which he will present to the homeowner on arrival. Permission for the Assessors' representative to enter the home is voluntary on the part of the homeowner. The continuing cooperation of all residents is respectfully requested.

will read from her poems at Southeastern Massachusetts University on Wednesday, November 3rd, at 4 P.M. in Room 117 of the Group I Building.

Ms. Spivack is best known for her book of poetry, *The Jane Poems*, published in 1974 by Doubleday & Co. *The Jane Poems*, a sequence, is based on American ballads and blues, classical work by native composers, and on jazz . . . Jane is Everywoman; she is a pilgrim through her times. She is not 'I', but 'Eye'.

Kathleen Spivack's first book of poetry, *Flying Inland*, was published in 1974 by Doubleday. Her poems have appeared in *The New Yorker*, *Atlantic*, *Harpers*, *Esquire* and other leading magazines. She was brought up in North Bennington, Vermont, and Montclair, New Jersey. She attended Oberlin College, holds an M.A. from Boston University and has been the recipient of a fellowship from the Radcliffe Institute. In 1972 she was the winner of the Discovery Award of the Poetry Center, New York. She is married with two children and lives in Watertown, Massachusetts.

A question and answer period will follow the reading. This event is free and open to
